

**DJ Name:** The Animal (Andre)

**Hometown:** Jersey City, NJ

**Favorite Five bands:** The Beatles, Aerosmith, Foo Fighters, Red Hot Chili Peppers, and Def Leppard.

**Hobbies:** Driving, WWE, going to concerts, newscasting, DJing, paintballing, and rifle spinning.

**Favorite WSOU Experience:** Going out to concerts and talking to the many loyal listeners and hearing how WSOU kept them going through their toughest days.

**About Me:** Communications and radio broadcasting major who loves talking the night away. I love cars, especially Nissans and Infinitis (Shoutout to owners of Nissan Maximas). I spend most of the time finding the humor in all things in the world and I do my best to share this humor to all.

**DJ Name:** The Conductor

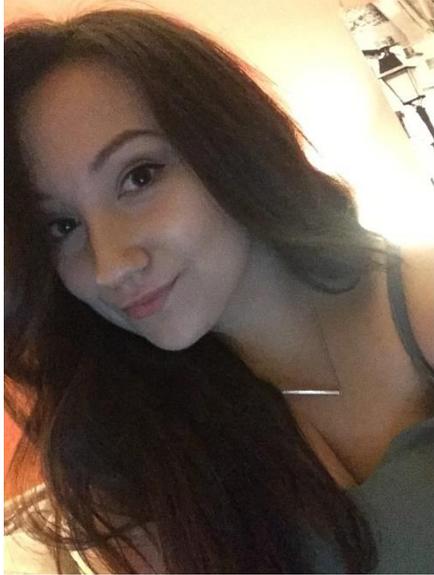

**Hometown:** Lutz, FL

**Favorite Five Bands:** Iron Maiden, Sabaton, Death, Power Trip, Obituary

**Favorite WSOU Experience:** Getting to do a phone interview with Rob Halford from Judas Priest is probably my favorite WSOU experience.

**Hobbies:** Studying History, Gaming, Swimming, Jogging

**About Me:** Although originally from Pennsylvania, I've spent most of my life in Florida. In 2014 I started school at Seton Hall University as a history major, unaware that WSOU existed. Once I found out that WSOU played metal, I knew that this was something I would like to do. I'm just a metalhead trying to play metal for other metalheads.

**DJ Name:** Freak on Alicia

**Hometown:** Millington, NJ

**Favorite Five bands:** The Wonder Years, City & Colour, A Day To Remember, This Wild Life, Seaway

**Hobbies:** Guitar, Tumblr, writing senseless thoughts in a journal, and dancing like a crazy person whenever music is on.

**Favorite WSOU Experience:** Interviewing Matty Mullins and Fallujah at New England Metal Fest during my first year here, and hanging out with fellow staff members on the train into the city for present shows!

**About Me:** I came to Seton Hall to study computer science and I didn't know about the station. I then find out there was a place where my music-obsessed little heart could soar, and I completely fell in love with WSOU. It has already given me a lot of experiences and many great new friends. It has also molded my music tastes from switching my playlists from only Mumford & Sons and The Wonder Years to include Between the Buried and Me, as well as Beartooth. I have found my cozy little corner at the station and they even let me emo out as a co-host on Under the Stars on Tuesdays from 10 - 12 PM!!

**DJ Name:** Worldwide

**Hometown:** Nanuet, NY

**Favorite Five Bands:** SevenDust, Maximum The Hormone, E-Town Concrete, The Tony Danza Tap Dance Extravaganza, and Kanye West.

**Favorite WSOU Experience:** Was making my first two spots, because they became extremely popular and almost annoying. It felt cool to have my voice on the airwaves with out even having news or DJ clearance. And then after that, basically living in the studio and trying to produce as many spots as humanly possible.

**Hobbies:** Video Games are life, Scratching on turntables for fun, going to Home Depot and sizing up toilets, putting 2 dollar price tags on items in the dollar store.

**About Me:** I'm a pretty cool guy, being new to metal, I wasn't sure I'd be at the station a lot. But once I got into the music and became friends with all of these awesome, beautiful, handsome, nicely sized people I started hanging out here a lot and "getting involved," but that mostly means telling jokes and putting out funny news casts and spots.

**DJ Name:** Rain

**Hometown:** Iselin, NJ

**Favorite Five Bands:** Dream Theater, Killswitch Engage, Rage Against the Machine, Thank You Scientist, Beartooth

**Favorite WSOU Experience:** Going to the Food and Rock Carnival and meeting a guy that dressed up as Slash, who then told me that he's been listening to WSOU since he was little. Being new, this was awesome to hear.

**Hobbies:** Playing saxophone, going to concerts, playing soccer, listening to music, and playing video games.

**About Me:** I can usually be found playing my saxophone, watching Back to the Future, snowboarding, or playing soccer. I am in love with classic rock music and enjoy high quality cinema.

**WSOU Works:**

[Album Review: The Astoning by Dream Theater](#)

**DJ Name:** Kelsey

**Hometown:** Warren, NJ

**Favorite Five Bands:** Grateful Dead, Phish, Pink Floyd, Queens of the Stone Age, and Deftones

**Hobbies:** Listening to music, hiking

**Favorite WSOU Experience:** Meeting friends that all share the same passions and interests that I do, meeting bands and listeners, and I love DJing every week.

**About Me:** I have friend who goes to Seton Hall and works at WSOU and he encouraged me to come to Seton Hall to join, so I did and it was one of the best decisions I have ever made. I was not familiar with the metal genre before coming to WSOU and working here has introduced me to so many new bands that I love and that I never would have thought about listening to.

**DJ Name:** The Hurricane

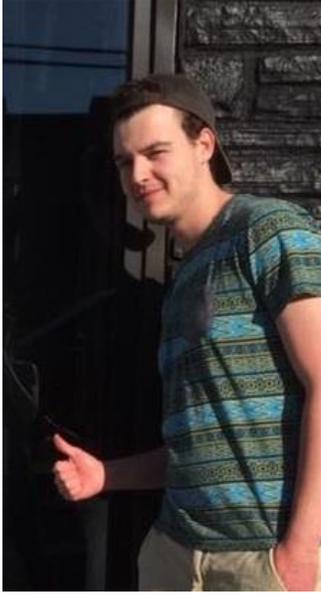

**Hometown:** Readington, NJ

**Favorite Five Bands:** Gojira, Tengger Cavalry, Brand New, Foo Fighters, Red Hot Chili Peppers

**Hobbies:** Writing, listening to music, running, hiking, video games, and juggling devil sticks.

**Favorite WSOU Experience:** Right after joining WSOU, I was shocked by how friendly, down to earth, and utterly unique every person at the station was. Meeting all these people was amazing, but my favorite memory has to be when I nervously took the chair for my first overnight DJ shift and ended up walking away three hours later with a ridiculous sense of pride and enjoyment.

**About Me:** I'm a rotating low-pressure tropical cyclone who's got surface wind speeds exceeding 74 miles per hour and a half-finished degree in TV Broadcasting. I initially came to Seton Hall for its excellent TV program, and ended up joining WSOU completely on a random whim. Needless to say, it was one of the best whims I've ever followed because WSOU has introduced me to countless amazing people and helped improve my public speaking confidence tremendously. Metal was only an occasional interest for me growing up, but after being introduced to dozens of sub-genres and hundreds of bands, I can't stop listening and discovering fascinating new sounds.

**DJ Name:** The Rhino

**Hometown:** Pequannock, NJ

**Favorite Bands:** Queens of the Stone Age, Khemmis, Kylesa, Cult of Luna, Boards of Canada

**Hobbies:** Producing electronic music, drawing, writing stories, collecting hats, and collecting and raising succulent plants.

**Favorite WSOU Experience:** When I was an assistant producer, I sat in on an interview with Thank You Scientist and watched them play an acoustic set live on air. It was awesome!

**About Me:** I am a visual and sound media major, as well as the current technical operations director at WSOU. I also host Blurred Visions every Friday night from 8-10, which is WSOU's doom/sludge/experimental metal specialty show.

**WSOU Works:**

[Between the Buried and Me Interview](#)

**DJ Name:** Dropkick Kelly

**Hometown:** Jim Thorpe, PA

**Favorite Bands:** Dropkick Murphys, Clutch, We The Kings, Judas Priest, A Day To Remember

**Hobbies:** Watching Yankee games (or baseball in general), hanging out with friends, listening to music, watching YouTube, and spending time at WSOU!

**Favorite WSOU Experience:** Spending Mondays nights with Grant, Worldwide, and Magic Mike for Cover Up and hanging out at the station for a unhealthy amount of time.

**About Me:** I'm a communication major here at Seton Hall and have been on staff since the spring of my freshman year in 2016. Currently I am a sportscaster, newscaster, DJ and the social media manager for WSOU. I originally just wanted to do sports here, but then I became a newscaster and fell in love with that. The more time I spent here at SOU, the more I grew to love the station and the music that we play. I never thought I'd be a DJ but here I am on this page so...But in all honesty WSOU is the most rewarding experience I'll ever have at Seton Hall. It's truly my home away from home. Besides working at the station, I'm also a brother of Alpha Phi Omega, a co-ed service frat, along with being a member of the Student Alumni Association.

**DJ Name:** Rogalileo

**Hometown:** Boonton Township, NJ

**Favorite Five Bands:** A Day to Remember, Radiohead, Dropkick Murphys, The Bird and the Bee, and Queens of the Stone Age

**Hobbies:** Hiking, theatre, going on crazy adventures, and taking pictures of literally everything.

**Favorite WSOU Experience:** Getting to be apart of an awesome staff and join something completely out of my comfort zone that I can't imagine my life without. On top of that I've been able to learn so much and interview some pretty awesome people.

**About Me:** If you told younger me that I'd be apart of WSOU, I never would have believed you. Upon arriving at Seton Hall, I took a leap of faith, decided I wanted to branch out, and joined the station, which I knew absolutely nothing about. Now I'm a DJ and the News Director, and WSOU has been a cornerstone of my college life. I'm a TV Broadcasting major who also minors in Catholic Studies, through which I've been able to travel around the world with Seton Hall, my favorite place being New Zealand.

**DJ Name:** The Duke

**Hometown:** Highland Park, NJ

**Hobbies:** Computer Games, Board Games, Total Nerd Stuff

**Top 5 Bands:** Behemoth, Ensiferum, Warbringer, Rammstein, and Hatebreed

**About me:** I'm a business student here at SHU, which makes me a minority at WSOU. I ended up joining the station out of interest in the music we play and the staff's tolerance for a dark sense of humor. Tune into my shift for band puns and little rants about restaurants charging extra for sauce.
